THE BEAUTY OF THE SOUTHWEST -This is a lecture and trunk show featuring numerous quilts and wearable art pieces I have created over the last 16 years. It is also a look at where I get my inspiration. As a quilt artist and designer, I have strived to create quilts that express my passion and my own style. I will show a unique collection of quilts and wearable art inspired by the beauty of the Southwest, Native American, Spanish, Hispanic and Anglo cultures. Weavings, pottery, woven baskets, jewelry, beadwork, tinwork, ironwork, carvings, tile, architecture, churches and other art are my inspiration. One of the garments has traveled with The Fairfield Fashion Show 1999/2000. I also share my journey to where I am now. I am a quilt designer that enjoys sharing my passion for living in the Southwest with others.

THE QUILTED CROSS – This is a lecture and trunk show that features all the quilts from my book, The Quilted Cross. I will tell you how the book came about and where I get many of my design ideas. See how color and fabrics change the look of a project.

I enjoy staying with a non smoking individual to help reduce the expense to the guild. If travel requires driving (instead of air fare), I charge .40 per mile round trip.

Most of my classes are suitable for all levels of quilters. Some classes require pre-class cutting, to help make the most of the class time.

I have a very flexible schedule for 2009. I would love to share my love of the Southwest with your guild.
